## **Professional Experience**

**Center for the Study of the First Americans**  
**Texas A&M University**  
**College Station, TX**  
*Research Associate*

- September 2008 to present
  - Research associate and post-doctorate fellowship compiling and editing theses and dissertations related to analyses of materials from Excavation Area 8 at the Gault site, Texas.
- January 2005 to August 2008
  - Field and laboratory supervisor at the Buttermilk Creek site, central Texas, during the 2006 and 2007 field seasons. In the laboratory, I taught basic lithic analysis and supervised students during the artifact processing and data management portions of the project.

**Anthropology Department**  
**Texas A&M University**  
**College Station, TX**  
*Graduate Assistant*

- January 2000 to 2005
  - Worked as a field supervisor at the Gault Site, central Texas, during the 2000 and 2001 field seasons. I created and managed the database (Access). From 2001 to 2006, I directed students in processing artifacts, as well as teaching introductory lithic analysis.
- Fall 2001 and Spring 2002
  - Taught anthropology course entitled *Peoples and Cultures of the World*.

**Center for Ecological Archaeology**  
**Texas A&M University**  
**College Station, Texas**

- 2003 to 2005
  - Contributed to the production of several technical reports at the Center for Ecological Archaeology. This included writing, graphics collation, and assembly of volumes relating to the Applewhite Reservoir project and the Richard Beene site, Texas, and the Kootenai River Valley, Montana.
- 1996 to 1999
  - Contributed to projects such as the Phase I survey of Camp Barkeley near Abilene, Texas, and the National Park Service San Juan Lineal Descent Project in San Antonio, Texas. Also conducted historic artifact analyses and authored a chapter on Camp Ford—a Civil War prison camp for Union soldiers near Tyler, Texas.

1990 to 1996  
**R. Christopher Goodwin & Associates, Inc.**  
**New Orleans, Louisiana**  
*Quality Control Coordinator/Assistant Project Manager*

- Cultural resources survey, testing, and excavation of archaeological projects in Alabama, Arkansas, Florida, Louisiana, Maryland, Mississippi, Puerto Rico, and Texas.

- Co-authored numerous technical reports detailing the results of various cultural resources investigations for federal agencies, such as the U.S. Army Corps of Engineers (New Orleans, St. Louis, and Vicksburg Districts) and the U.S. Postal Service; and for the private sector, including Enron Gas Pipeline Operating Company, Florida Gas Transmission Company, and Southern Natural Gas.
- During the Florida Gas Transmission Company Phase III Expansion Pipeline Project, I served as Assistant Project Manager and was assigned to the Enron Houston office to coordinate with the Environmental Review Division to ensure that all aspects relative to cultural resources compliance were addressed prior to the construction of a 1,200 mile pipeline.
- Completed service as Project Manager on a curation and NAGPRA-related needs assessment project funded by the U.S. Army Corps of Engineers, Vicksburg District. This project was designed to identify and inventory all NAGPRA-related human remains and associated burial goods, and to organize site information and archaeological collections for which the District was responsible.

1987 to 1989

**University of Southwestern Louisiana**  
**Lafayette, Louisiana**

*Lab supervisor and artifact analyst*

- Worked as field technician and co-supervised laboratory work at the Poverty Point site in northeast Louisiana for Dr. Jon Gibson.

**Education**

1986 to 1989

**University of Southwestern Louisiana**  
**Lafayette, Louisiana**

*B.A., Anthropology*

1990 to 1996

**University of New Orleans**  
**New Orleans, Louisiana**

*M.S., Urban Studies and Urban Archaeology*

1996 to 2009

**Texas A&M University**  
**College Station, Texas**

Ph.D. student in archaeology and Paleoindian studies.

Title of dissertation: *Clovis Lithic Debitage from Excavation Area 8 at the Gault site (41BL323), Texas: Form and Function.*
