From the Editors ........................................................................................................... vii

**Archaeology**

Diring Yuriak: An Early Paleolithic Site in Yakutia  
*R. E. Ackerman and R. L. Carlson* ................................................................. 1

Folsom Landuse Patterns in the Southern Tularosa Basin  
*Daniel S. Amick* .............................................................................................. 3

Paleoindian Occupation Greater than 11,000 yr B.P. at Tule Lake, Northern California  
*John M. Beaton* .................................................................................................. 5

The Johnson Site: A Dated Clovis-Cumberland Occupation in Tennessee  
*John B. Broster, David P. Johnson, and Mark R. Norton* ............................. 8

Clovis and Cumberland Sites in the Kentucky Lake Region  
*John B. Broster, Mark R. Norton, and Richard Anderson* ............................. 10

Engraved Cobbles from Early Archaeological Contexts in Central Texas  
*Michael B. Collins, Thomas R. Hester, David Olmstead, and Pamela J. Headrick* ................................................................. 13

Paleoindian Component at the Linn Woods Site, Sussex County, Delaware  
*Jay F. Custer and Glen Mellin* ........................................................................... 15

Reappraisal of the MacHaffie Site Paleoindian Occupational Sequence  
*Leslie B. Davis, John P. Albanese, Linda Scott Cummings, and John W. Fisher, Jr.* ................................................................. 17

The Lake Chapala First Mexicans Project Jalisco, Mexico  
*Shawn D. Haley and Federico Solorzano* ........................................................... 20

Early Holocene Archaeological Sites in Mono Basin, East-Central California—Southwestern Nevada  
*M. C. Hall* ........................................................................................................... 22

Pavo Real: An Early Paleoindian Site in South-Central Texas  
*Jerry Henderson and Glenn T. Goode* ............................................................ 26

Clovis Occupation in Oklahoma  
*Jack L. Hofman and Don G. Wyckoff* .............................................................. 29

Howard Gully: A Terminal Pleistocene Record from Southwestern Oklahoma  
*Jack L. Hofman, Lawrence C. Todd, Russell W. Graham, and Frances B. King* ................................................................. 33
The Miami Site Revisited: A Clovis Mammoth Kill in the Texas Panhandle
  Vance T. Holliday, C. Vance Haynes, Jack Hofman, and David J. Meltzer

Recent Excavations at the Munson Springs Site, a Paleoindian Base Camp in Central Ohio
  Bradley T. Lepper and Jeffrey B. Gill

The Archaeological Investigation of a Series of Early Paleoindian (Clovis) Sites in the Little River Region of Christian County, Kentucky
  Edward E. Smith, Jr. and Andrea K. L. Freeman

Paleoenvironments and Delaware River Basin Stratigraphy
  Michael Stewart

Underwater Excavations at Spring Lake: A Paleoindian Site in Hays County, Texas
  Paul R. Takac

Bostrom: A Paleoindian Site in Southcentral Illinois
  Kenneth B. Tankersley and Michael D. Wiant

Cody Complex Occupation in the Black Rock Desert, Nevada
  Steve Wallmann and Daniel S. Amick

Physical Anthropology

Aleut Kayak-Hunter’s Hypertrophic Humerus
  W.S. Laughlin, S.B. Laughlin, and S.B. Beman

Human Skeletal Remains Recovered from the Bonner Springs Locality, Northeastern Kansas
  D. Gentry Steele, Joseph F. Powell, Larry D. Martin, and Wakefield Dort, Jr.

Lithic Studies

Relationships Between Fluted and Stemmed Points in the Mojave Desert
  Mark E. Basgall and M.C. Hall

Rhyolite Sources in the Carolina Slate Belt, Central North Carolina
  L. Randolph Daniel, Jr., and J. Robert Butler

The Evant Cores: Polyhedral Blade Cores from North-Central Texas
  Glenn T. Goode and Robert J. Mallouf

The Clarks Flat Site Lithic Analysis
  Michael F. Rondeau

Methods

The Early History and Archaeology of Nebraska Paleoindian Sites
  David J. Meltzer

Helminthological Methods for the Studies of Fossil Vertebrate Dung
  Arkady B. Savinetsky and Alexander V. Khrustalev
CURRENT RESEARCH IN THE PLEISTOCENE
Vol. 8, 1991

Paleoenvironments: Plants

Preliminary Analysis of a Late Glacial Pollen Record from Cloquet Lake, Lake County, Minnesota, USA
James K. Huber ................................................................. 79

A Paleolimnological Example of Modulated Succession from Southeast Venezuela, and its Significance in Pleistocene Paleoecology
Valenti Rull and Teresa Vegas-Vilarrubia .................................. 81

Paleoenvironments: Vertebrates

Historic Bovid Teeth from Gardiner, Maine
Harold W. Borns, Jr. and Clayton E. Ray .................................... 85

A record for Caracara from the Late Pleistocene of Nebraska
Robert M. Chandler and Larry D. Martin .................................. 87

Taphonomic Analysis of the Burning Tree Mastodont
Daniel C. Fisher, Bradley T. Lepper, and Paul E. Hooge .............. 88

Preliminary Report on the Fauna of Pendejo Cave, Otero County, New Mexico
Arthur H. Harris ...................................................................... 92

The DeLong Mammoth Locality, Black Rock Desert, Nevada
Stephanie D. Livingston ............................................................ 94

Late Pleistocene Hemiauchenia from North Central Kansas
Brad Logan, Larry D. Martin and John F. Neas ......................... 97

Preliminary Report of the Pleistocene Mammals of the Valley of the Axamilpa River, near Tepeji de Rodriguez, Puebla, Mexico
Adriana Torres Martinez and Larry D. Agenbroad ...................... 99

Paleoenvironments: Geosciences

Geomorphic Processes and the Archaeological Record in Small Basins of the Kansas River System
Alan F. Arbogast ....................................................................... 103

Geoarchaeological Reconnaissance for Late Glacial Sites in the Upper Kuskokwim and Holitna Lowlands, Alaska
John F. Hoffecker and Christopher F. Waythomas ..................... 105

Buried Soil Surfaces Beneath the Great Bend Prairie of Central Kansas and Archaeological Implications
William C. Johnson .................................................................. 108

Preliminary Geoarchaeological Studies of the Sheguiandah Site, Manitoulin Island, Canada
Patrick J. Julig, William C. Mahaney, and Peter Storck ............... 110

Applications of Quaternary Surficial Mapping to Archaeological Investigations in British Columbia, Canada
Dan E. Kerr, Vic M. Levson, and Chris P. Smith ......................... 114
